
IN THE UNITED STATES DISTRICT COURT
FOR THE DISTRICT OF UTAH

IN THE MATTER OF COURT
PROCEEDINGS AND COURT
OPERATIONS DURING THE
CORONAVIRUS (COVID-19)
PANDEMIC

**GENERAL ORDER
20-012**

The Court has entered a number of General Orders in response to the ongoing Coronavirus Disease (COVID-19) outbreak in Utah and around the nation.¹

- General Order 20-008, entered on March 12, 2020, confirmed that the Federal Courthouse in Salt Lake City remains open with restricted access for certain visitors.
- On March 16, 2020, the Court entered General Order 20-009, suspending all petit jury and grand jury activities in the District through May 1, 2020. In General Order 20-009, the Court also continued all trial-related deadlines in criminal cases, entered findings excluding certain time under the Speedy Trial Act, vacated hearings for most matters set between March 17 and March 31, and provided guidance concerning numerous other aspects of court operations.
- On March 23, 2020, the Court entered General Order 20-010, providing certain protections for attorney-client communications impacted by the COVID-19 crisis and establishing protocols for various criminal proceedings and United States Probation Office activities.
- Most recently, General Order 20-011 was entered March 31, 2020, making findings implementing the emergency provisions of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act).

¹ These General Orders and additional information can be found on the Court's website: <https://www.utd.uscourts.gov/united-states-district-courts-district-utah-covid-19-information-center>.

Many of the extension dates initially set forth in those General Orders are now approaching.

The Court continues to monitor closely the state of the health crisis in Utah and around the nation. President Trump's March 13, 2020 National Emergency declaration remains in effect. Utah remains in a state of emergency under Governor Herbert's declaration. Governor Herbert has also issued (and extended through May 1, 2020) a "Stay Safe, Stay Home" directive and announced a "soft-closure" of all public schools for the remainder of the school year (May 13, 2020 to June 5, 2020, depending on the school). The World Health Organization advises that the global pandemic is not subsiding. Finally, the Judicial Conference of the United States has found that emergency conditions due to the national COVID-19 crisis have affected and will materially affect the functioning of the federal courts.

The Centers for Disease Control and Prevention (CDC) continues to issue guidance to combat the spread of disease, and to promote the health and well-being of the nation. The Court is closely monitoring the CDC's developing guidance as well as various directives from all branches and levels of government. Among other things, the CDC recommends that all Americans avoid close contact with others (*i.e.*, being within six feet) and wear cloth face coverings in public or when around others. These and other measures are in response to increased concerns about the extent of asymptomatic transmission of the virus and the potential for the virus to spread through mere conversations or breathing, in addition to airborne transmission through coughing or sneezing.

To this date, there are nationwide now over 1,027,000 confirmed cases of Americans infected with COVID-19, resulting in over 58,000 deaths. The number of new infections in the United States is increasing at a rate of approximately 30,000 new cases every day. The State of Utah has, to date, confirmed over 4,300 infections, resulting in at least 370 hospitalizations and 45 deaths. Worse still, the available evidence suggests difficulty tracking the real spread of COVID-19 because significant numbers of infections remain undetected due to asymptomatic carriers, varying degrees of symptoms, a lack of adequate testing, and other factors.

After careful consideration of the unprecedented severity of the risks presented by this national and local emergency to the public, litigants, counsel, court employees, agencies that support the courts, and judges; and following consultation with appropriate stakeholders; it is **HEREBY ORDERED**:

1. **Jury Trials**: All civil and criminal jury trials are **CONTINUED** through June 15, 2020, pending further order of the Court. The Court may issue further orders concerning future continuances, as necessary and appropriate. Questions concerning prospective scheduling of trial dates should be directed to the assigned judge.
2. **Speedy Trial Act**: For the reasons stated above relating to the ongoing COVID-19 threat, and for the reasons previously discussed in General Orders 2020-09, 2020-010, and 2020-011, including the procedural and practical challenges to seating a jury in the midst of the COVID-19 pandemic and the Governor’s Stay Safe, Stay Home directive, the period of time between May 1, 2020, through June 15, 2020, is hereby **EXCLUDED** from the respective speedy trial calculations for both the return of an indictment and the commencement of trial within the District, pursuant to 18 U.S.C. § 3161(h)(7)(A). An “ends of justice” exclusion under the Speedy Trial Act is disfavored and “meant to be a rarely used tool for those cases demanding more flexible treatment.”² The Court nevertheless concludes an “ends of justice” finding is necessary and appropriate in the District of Utah at this time. The expanding number of COVID-19 infections, hospitalizations, and deaths nationally and in Utah, demand modifications to court practices to protect public health. Courts and court operations are necessarily social operations, involving many people.

Mindful of the Court’s constitutional responsibility to continue providing mission-critical functions of the federal judiciary – even during the COVID-19 outbreak – the need to protect the public health in the midst of the

² *United States v. Toombs*, 574 F.3d 1262, 1269 (10th Cir. 2009).

ongoing deadly COVID-19 pandemic outweighs the important rights of individual defendants and the public to speedy trials at this time. The Court reaches this conclusion after carefully balancing the factors set forth in 18 U.S.C. § 3161(h)(7)(B). Specifically, the Court finds that the exclusion of time through June 15, 2020, from the respective speedy trial periods, is necessary to protect the health and safety of jurors and prospective jurors, court staff and employees, criminal defendants, counsel, law enforcement personnel, and the public. In addition, in-custody defendants in this District are held at local jails under the direct control of the State of Utah and individual counties. The Court is experiencing significant restrictions on access to federal defendants during this outbreak. Travel restrictions further impair the ability of counsel and witnesses to appear for grand jury proceedings or trial. Beyond that, the current environment makes it nearly certain that the Court cannot obtain an adequate spectrum of jurors to fairly conduct trials. Moreover, the health risks associated with trial are acute. Trial requires that jurors, counsel, parties, witnesses, court personnel, and judges all be present in the courtroom in relatively close proximity. Empaneling a jury, conducting a trial, and facilitating jury deliberations, all with due regard for health and safety, is simply not possible in the physical facilities available to the court. Video and audio conferencing, used for hearings, are not available for trials. Counsel's ability to adequately prepare for trial, including locating and consulting with witnesses, and defense counsel's ability to effectively confer with defendants, are also greatly diminished under these circumstances.

Judges are encouraged to enter speedy trial orders in the cases over which they preside. Judges presiding over criminal proceedings may take such actions consistent with this Order as may be lawful and appropriate to ensure the fairness of the proceedings and preserve the rights of the parties – particularly where defendants are detained pending trial. Any motion by a criminal defendant seeking an exception to any provision of this Order should be directed to the assigned judge.

3. **Trial-Related Deadlines:** All trial-related deadlines in criminal cases (including, but not limited to, deadlines concerning motion cutoff dates, proposed jury instructions, proposed voir dire, proposed verdict forms, plea cutoffs, etc.) scheduled to begin trial before June 15, 2020 are **CONTINUED**, subject to case-specific orders entered by the judge presiding in individual cases.

Individual judges may continue trial-related deadlines in civil cases at their discretion. Questions concerning trial-related deadlines should be directed to the assigned judge.

4. **Grand Jury:** All grand jury proceedings in the District of Utah are **SUSPENDED** through June 15, 2020. Due to the unavailability of a grand jury in the District during this period, the 30-day time period for filing an indictment is tolled as to each defendant until this Order terminates. See 18 U.S.C. § 3161(b). Questions concerning grand jury scheduling should be directed to the United States Attorney's Office.

5. **Search Warrants:** Between May 1, 2020, and June 15, 2020, all search warrants and other applications (including, among other things, trap/trace and pen registers), as well as new criminal complaints for most cases shall be submitted via email to the chambers email box of the duty Magistrate Judge:

- a. April: utdecf_warner@utd.uscourts.gov for Judge Warner;
- b. May: utdecf_romero@utd.uscourts.gov for Judge Romero; and
- c. June: utdecf_pead@utd.uscourts.gov for Judge Pead.

In matters arising in the Southern Region, with St. George location designations, such materials shall be submitted to:

utdecf_kohler@utd.uscourts.gov for Judge Kohler.

The courtroom deputy will then communicate with the sender to arrange the resolution of such matters via electronic means (teleconference or video), as appropriate.

6. **Title III Applications:** All Title III applications shall be submitted via email to Chief Judge Shelby's courtroom deputy, Mary Jane McNamee. The courtroom deputy will then communicate with the sender to arrange the resolution of such matters via electronic means (teleconference or video), as appropriate.

7. **Criminal Hearings:** The protocols set forth in General Order 20-010 are adopted and incorporated herein. Those provisions in General Order 20-010 relating to Attorney-Client Privilege (Paragraph 1) and Pretrial Services Reports (Paragraphs 2-5) are **EXTENDED** through June 15, 2020. Appearances in any criminal hearings ordered by summons are **CONTINUED** through June 15, 2020. Judges before whom such appearances were scheduled are encouraged to notify those summoned of a new appearance date.

8. **Central Violations Bureau Calendars:** The Central Violations Bureau (CVB) calendars set between May 1, 2020 and June 15, 2020 are **CANCELED**. The Court will direct that new hearing notices for mandatory appearances be delivered for dates after June 15, 2020, at the discretion of the assigned judge.

9. **Reentry and Specialty Courts:** In-court reentry (specialty court) hearings and activities are **SUSPENDED** through June 15, 2020. At the discretion of the presiding judicial officer, these courts may be conducted remotely utilizing existing telephonic or video conference options in a manner that does not require in-person participation or that otherwise jeopardizes the health and safety of the participants, the program staff, or court representatives.

10. **Civil Hearings and Bench Trials:** Presiding judges retain discretion to proceed with civil hearings and bench trials as necessary and appropriate in individual cases. For the reasons detailed above, including the unprecedented and serious health concerns associated with the current pandemic, in-person civil hearings should be held only in exceptional circumstances. This is so even in emergency matters, including applications for temporary restraining orders or injunctions. Absent specific and compelling exceptional circumstances, all civil hearings should be conducted remotely utilizing existing telephonic or video conference options. If a judicial officer concludes that a hearing must be conducted in-person, that judge should adopt stringent protocols in consultation with counsel, and consistent with CDC guidance, to ensure the safety of the parties, witnesses, counsel, and court staff.
11. **Public and Bar-Related Functions:** All public and bar-related functions scheduled to take place at the federal courthouse between May 1, 2020, and June 15, 2020, are **CANCELED**. This includes meetings of the American Inns of Court, continuing education events, school tours, informational meetings, social functions, and Immigration and Naturalization ceremonies. Questions concerning rescheduling these events should be directed to the Clerk's Office.
12. **Public Access:** The federal courthouse in Salt Lake City shall remain open for mission-critical functions of the judiciary, but the public and members of the bar are discouraged from coming to the courthouse unless necessary for official court-related activities, including filing documents that cannot be submitted electronically, attending in-person criminal hearings described above, and the like. The St. George Courthouse is closed, but is proceeding with mission-critical functions through electronic and remote means.

Those coming to the federal courthouse in Salt Lake City must comply with all governmental guidelines including the use of personal protection such as masks and physical distancing.

13. The Clerks' Office, the United States Bankruptcy Court for the District, and other court services shall remain open pending further order of the Court, but business hours and means of access may be limited. Specific information about business hours will be available on each Court unit's internet site.

SO ORDERED this 28th day of April, 2020.

BY THE COURT:

ROBERT J. SHELBY
CHIEF UNITED STATES DISTRICT JUDGE
