								By Size	By Page	Topically	One File				Max Size	Max #	Total Size	

Key: / = Sometimes X = Always ? = Unclear A blank space = Never or None

The following abbreviations are used in the Type of Entry field, when necessary to conserve space:
 SS = SOCIAL SECURITY TRAN = TRANSCRIPT ADMIN = ADMINISTRATIVE REC = RECORD AR = ADMINISTRATIVE RECORD
 MAN = MANUAL PRO = PROCEEDINGS SERV = SERVICE

The # cases field is based on PACER results for social security cases filed between July 3, 2009 and July 2, 2010
 Social Security Cases were identified in the PACER search by limiting the Nature of Suit to 861, 862, 863, 864, and 865

Data was generated by a random sampling of 5 PACER cases from each district (see Dockets, District by District) and from survey results submitted by clerks in July 2010. Districts shaded light blue have submitted a survey response; those shaded bright blue submitted multiple survey responses. Data for unshaded districts was generated purely from the PACER sampling.
