TEXT

SCANNED

- Word and WordPerfect documents published to pdf are text
- File sizes are smaller than scanned
- Text documents are more easily searchable
- Text pdfs are clearer, easier to read
- You can use "copy & paste" feature.

- Scanned documents converted to pdf are images
- File sizes are larger than text
- Scanned documents may not be searchable (depending if they were OCR'd)
- Scanned are better if you do not have source documents in text format
